	has placed a sticker by their name on the sticker chart. Play a Name
	Game. Then, tell the children what they will be doing for the day
	On the subsequent days of camp: Review the expectations, play an
	ice breaker game, and tell the children what they will be doing for the
	day.
Rehearsal	Day 1: Pass out the laminated copies of the scripts to the children.
	Then, walk the children through the script. After you have gone
	through the script. Have the children select apart in the play by
	choosing, from a hat, a piece of folded paper with the assigned part
	written on it. Then do a read through with the children reading their
	assigned parts.
	Day 2: With masking tape, mark the places for the Animals,
	Narrators, and the front of the stage. Explain the positioning to the
	children and place them where they need to stand. For this
	rehearsal, give the children their Animals and Narrators hats.
	Practice reading through the script and songs in the places. Some of
	the campers will know their parts and others will need support.
